EBSCO LearningExpress®
Mobile App Getting Started Guide

Improve academic skills, explore colleges and careers, prepare for occupational license exams, search jobs and more — **on the go**!

Key Benefits

Offline access to downloaded resources: Connect to the internet to download resources from within the mobile app. Once you've downloaded them, you can use them offline — anywhere, anytime.
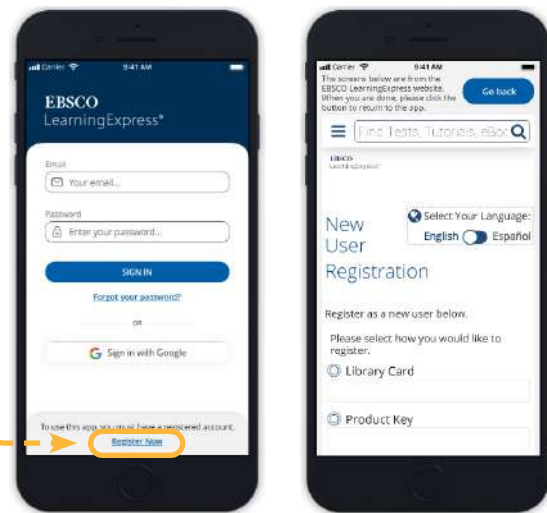

Intuitive user experience: Access hundreds of LearningExpress practice tests, e-books, articles and flashcards in a modern, user-friendly app.

Multi-device support: Download resources to as many devices (e.g., smartphones, tablets) as needed. *Note: Work completed using the mobile app will not sync with the desktop platform at this time.*

Getting Started

The LearningExpress Mobile App is available for iOS and Android devices and can be downloaded from the iTunes and Google Play app stores.
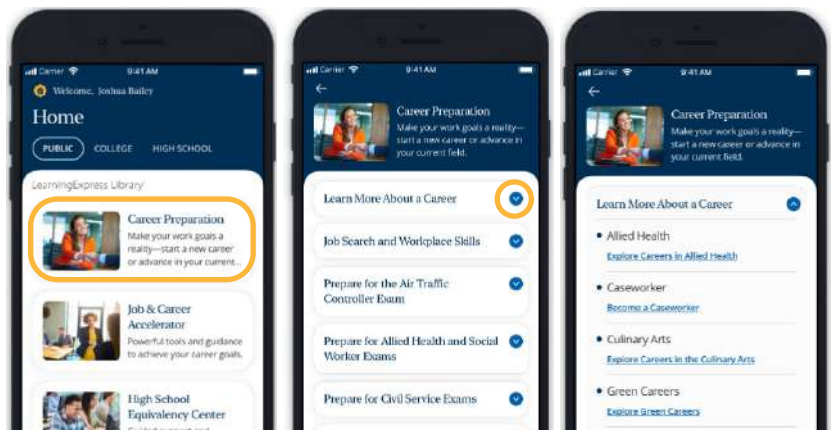

1. To create a new account, you must first register as a user with LearningExpress through your Service library or the Military One Source MWR Digital Library.

2. Once you've registered, return to the app. You may now log in to the app using your new account credentials.

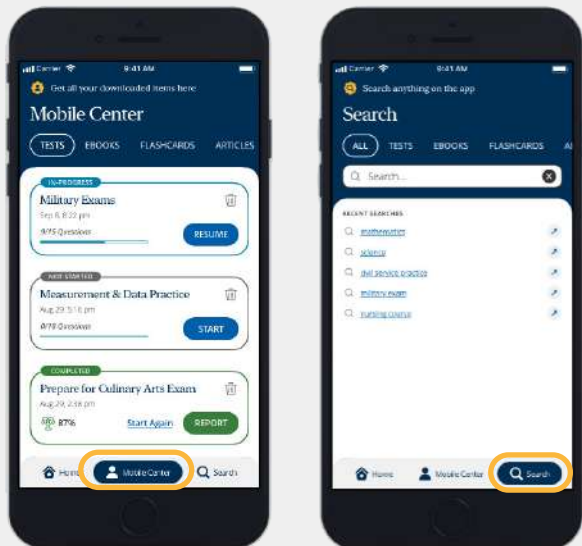

Home Screen & Learning Centers

From the home screen, you may have the option of accessing different LearningExpress resources by toggling by library type.

1. Click on a learning center, such as **Career Preparation**, to view a list of categories.

2. Click the **blue arrow** to expand the category.

3. Click a topic link to browse individual tests, e-books, flashcards and articles — all of which can be downloaded for offline use.

Mobile Center

Click the **Mobile Center** button at the bottom of the screen to access downloaded tests, e-books, flashcards and articles.
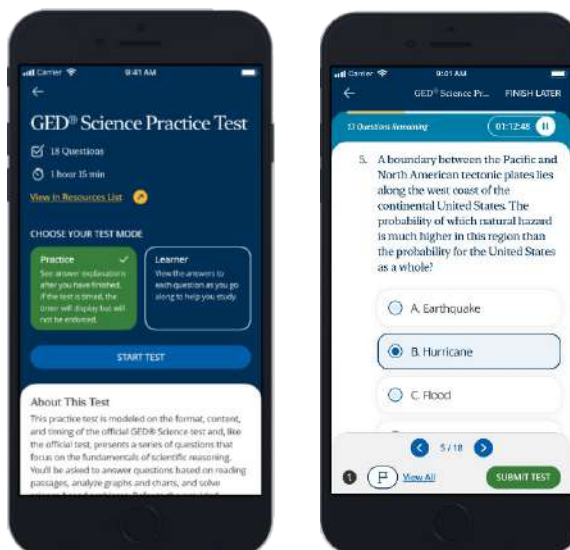

Search

Click the **Search** button at the bottom of the screen to search for tests, e-books, flashcards and articles. Your recent searches will display. Click the "x" to remove saved searches.

Taking a Practice Test

For each practice test, the user can see the number of questions and how long the test is expected to take.

1. Choose your **Test Mode**.
    - **Practice Mode**: See answer explanations only after all questions are completed. If the test is timed, a timer will display, but is not enforced.
    - **Learner Mode**: View answers to each question as you go.
2. Click **Start Test** to begin.
3. Click **Finish Later** in upper right corner to save your progress and return to the test at a later time.
4. Click **Submit Test** to see your score report and check your answers.

Practicing with Flashcards

1. Choose your **Card Order, Display, Difficulty Sort** and **Topic Sort**.
2. Click the **Start** button to begin.
3. Once you've solved the question, click **Flip Card** to see the answer.
4. Use the **blue arrows** to navigate through the flashcards.
5. Click the **Done** button when finished.
